## Filing of Income Tax Returns registers an upsurge of 71% upto 31st August,2018

Posted On: 01 SEP 2018 5:38PM by PIB Delhi

There has been a marked improvement in the number of Income Tax Returns(ITRs) filed during FY 2018 (upto 31/08/2018, the extended due date of filing) compared to the corresponding period in the preceding year. The total number of ITRs e-filed upto 31/08/2018 was **5.42 crore** as against 3.17 crore upto 31/08/2017, marking an

increase of **70.86%**. Almost 34.95 lakh returns were uploaded on 31/08/2018 itself, being the last date of the extended due date of filing of ITRs.

A remarkable increase is seen in the number of ITRs in 2 categories ie ITRs filed by salaried Individuals (ITR-1& 2) as also those availing the benefit of the Presumptive Taxation Scheme(ITR-4).

The total number of e-returns of salaried Individual taxpayers filed till 31/08/2018 increased to 3.37 crore from 2.19 crore returns filed during the corresponding period of 2017, registering an increase of 1.18 crore returns translating into a growth of almost **54%**.

A stupendous growth has been witnessed in the number of returns e-filed by persons availing the benefit of Presumptive Tax, with 1.17 crore returns having been filed upto 31st August, 2018 compared to 14.93 lakh returns upto 31st August, 2017

registering a massive increase of **681.69%**.

The increase in the number of returns reveals a marked improvement in the level of voluntary compliance of taxpayers which can be attributed to several factors, including the impact of demonetisation, enhanced persuasion & education of taxpayers as also the impending provision of late fee which would be effective on late filing of

returns. This is indicative of an India moving steadily towards a more tax compliant society & reflects the impact of continuous leveraging of technology to improve taxpayer service delivery.
